

Intelect Newsletter : Issue 1 : December 2009

Merry Christmas from Everyone at Intelect

Welcome to issue number 1 of the Intelect Newsletter; it is our intention to send out this Newsletter every couple of months to keep our Customers informed of what's happening within Intelect and to showcase new products and services. This month we would like to take the opportunity to wish all of our customers a Merry Christmas and a Prosperous New Year. 2009 has been a hard year for many companies, lets hope 2010 is better.

The idea of these Newsletters is to let you our Customers know of the services we can provide, you may know us as your electrical contractor, a panel builder, fabricator, machinist, welder or pipe fitter. Well all of these would be true. We can offer one or all of these disciplines. We can be your engineering solution.

Thank You

This year we have decided that with the constraints of the current climate, we would put our normal expenditure on Christmas Cards to better use and have decided to make a donation towards selected charities.

In the current difficult trading circumstances keeping Customers happy is paramount to all businesses. At Intelect we always push ourselves to excel at doing exactly that. We also believe it is important to take time out to thank all of our Customers for the continued support you have shown us throughout 2009.

We also look forward to expanding these relationships in 2010

If you would like an Engineer to contact you please...
