Reference for Intellect UK

KMG Systems have used Intellect UK for the design and supply of control panels and for electrical installation on many occasions over the last 7 years. We continue to use Intellect UK because they:

- **Are professional in their tender for work.**
- **Deliver what is agreed in the contract.**
- **Resolve snags in a timely and thorough manner.**
- **Do not take commercial advantage of contract variations.**
- **Are good value for money.**
- **Provide a personal and friendly service.**

I do not hesitate in recommending Intellect for supply and installation of Industrial control panels.
